

The background of the image is a close-up of a sheet of musical notation. Two pens are resting on the page. The pen in the foreground is a black fountain pen with a silver-colored barrel and a silver-colored clip. The pen in the background is a black fountain pen with a gold-colored barrel and a gold-colored clip. Both pens have gold-colored barrels and silver-colored clips. The musical notation consists of staves with notes, rests, and other musical symbols. The text "con forza" is visible on the left side of the page.

Product catalogue

Dear Customers,

We have prepared a catalogue with our current range of products for you.

In our catalogue, you will find the products you have known and enjoyed for several years, and also those we have had the opportunity to present to you only recently.

In an effort to meet our Customers' expectations, we are constantly modifying our products, which is why you will find many of them in a new design, layout and packaging. We have gathered them all in one place to facilitate and improve readability of our assortment.

For many years, we have been together with you and we strive to ensure that our offer meets your expectations in terms of products, functionality and, above all, quality.

We want to be reliable and well appreciated by our product users.

Our offer is created based on our own machinery and also on a cooperation with leading producers of writing instruments all over the world.

This allows us to easily adapt it to the latest needs and trends.

We continue to support the NEW PRODUCTS and SALES HITS with TV advertising, which increases the awareness of our assortment and recognition of the TOMA brand on the market.

We warmly invite you to see the catalogue and cooperate with us.

Ceramic markers TO-740

Created to work best with ceramics, porcelain, glass. Quick-drying, lightfast, they achieve a brilliant final gloss and are also perfectly opaque for decorating glass, greeting cards, mugs, plates, baubles, flowerpots etc. Great effects are achieved when used with dedicated plastic stencils, the decoration will impress with its vivid colours and careful workmanship. 6-colour palette will allow every ceramic artist develop their creativity.

Perfect for a gift or for making a gift on your own (e.g. a cup for a loved one with your own drawing). A great product for people who make their own table decorations (e.g. tableware with a name or with your own imaginary motif).

Shake the marker to mix the paint before use. Press the tip until the paint flows out. Do not pump. Apply to a degreased and dry surface. To fix the drawing, place the dish in an oven preheated to 150 degrees for about 30-35 minutes (children may do this only when supervised by adults). After use, keep the marker closed in an upright position. After fixing the drawing, hand washing is recommended. Markers can also be used to write on paper, cardboard, wood and other surfaces.

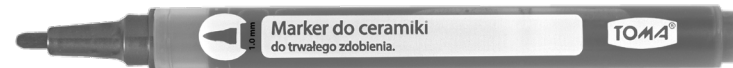

Round (1 mm) tip.
